FOREWORD

When a ship is in harbor, it is guided by the light of buoys and lighthouses; it is usually towed by a tugboat, and the lights on shore lend an air of security. But there comes a time when the ship must head for the open sea, and it must rely on its own instruments.

As students in school, we have a superintendent and principal to guide us, teachers to lead us, and friends to lend an air of friendliness and security.

But now, as seniors, the time has come for us to leave the sheltered harbor and venture out on life's sea. As the engine starts we wave a fond farewell and head for the open way.

May this year's "log" serve to bring back memories of this past year's joys, not only to the seniors, but to every owner of a 1950 Secoma.

Dedication

In the past our school has stood high in good sportsmanship and school spirit. Now the time has come for some of us to leave our training ship, but we are confident that those to whom we leave these trusts will keep and cherish them.

We have enjoyed our training, despite the many struggles, and have had pleasure in helping run the good ship FEDERAL WAY. Now we hope that those to come will have just as enjoyable and profitable a time.

We, members of the crew leaving the ship this year, dedicate this annual to those who will carry on the duties of the FEDERAL WAY in the years to come, and upon whom the ship's destiny and progress largely depends.

Skipper of the Ship

You, the graduating class of 1950, have chosen "SHIPS" as the theme for this year book, and I am writing the following message as Skipper of the "SHIP".

The good ship "Federal Way" will soon pull into port and approximately sixty members of her precious cargo will leave the ship. This part of the cargo has been aboard four years during which time it has experienced many changes of weather. At times there have been storms and the going rough but the class of 1950 has stayed with the ship to arrive triumphantly at Commencement Port. This Port is not a destination but a terminal from which you will continue your journey. Some members of the cargo will board other ships, while others will travel ahead by a different means, each in the direction of his choice.

I have enjoyed the opportunity of being the skipper of the ship, which has been charged with the responsibility of delivering you to the terminal port. We hope that this port will be the gateway to other ports which will prove to be the right destination for each and every one of you and that you will find happiness and success on your journeys.

KENNETH C. JONES

First Mate on Duty

As the school year 1949-50 draws to a close, we see another fine class leave. They have reached an important mile-post on life's journey and are being graduated into a future we earnestly hope will be bright. The success they have attained thus far has been earned by work, application and faithfulness. These habits, they will find, will prove invaluable as they strive for higher goals. Life is full of challenges; challenges which are most easily met if the preparation and background has been sound.

Graduation from high school must not be looked upon as an end. It is, in reality, just a beginning — a point from which careers originate. From this class, some will go on to college, others enter immediately upon their life's work. In either case, they will find nothing more helpful than the lessons learned in high school, and how well these lessons have been learned will be directly reflected in their achievements.

To the class of '50, those who remain behind offer their sincere congratulations and best wishes. May your future be rich and full. May your happiness be complete.

PRINCIPAL'S SECRETARY

Helping to keep our First Mate's office in ship shape was Miss Winnifred Twiss. She was a former Federal Way Student and a University of Washington graduate. She kept all the ships accounts and helped the crew find their way around the deck.

SUPERINTENDENT'S SECRETARY

The skipper's right hand man in this case is Mrs. Bernice Railey, who keeps all records and accounts for School District 210. She has been with the ship for 5 years.

Standing, Left to Right: Janice De Jardine, Vice-President for Student Body; Gerry Kilcup, Senior Class President. *Sitting:* Mr. Erickson, Faculty advisor, for Student Council; Janet Moreland, Student Body President; Mr. Rutherford, High School Principal.

Builders of the Ship

The people together with our superintendent, school board and Parent and Teachers Association make up the builders of our ship.

The school board is made up of a representative from each of the communities inside our Federal Way district. They are: Chairman, Mr. Harold Watkins; Clerk, Mr. James V. Johnston; other board members: Mr. Carl W. Broome, Mr. Clarence D. Stone, and Mrs. Lotte Witt.

Not listed here is Mr. C. V. Lemon who has retired after thirteen years of faithful service.

As we have gone through school we realize more and more the importance of the Parent and Teachers Association and would like to thank them for their contributions to our activity and recreational program.

Back row: Davie Adams, Betty Bartleson, Jerry Beebe, Carol Vallender, Jo Ann Desch, Ronnie Johnson, Harry Beaty, Philip Poppleton, Alta Wilson, John Phelps, Mr. Rutherford. *First row:* Gay Clemens, Louis Eller, Walt Cummings, Mary Ann Samuels, Gerry Kilcup, Janet Moreland, Janice DeJardine, Marie Bodine, Ila Mae DeWald.

Inset: Janet Moreland.

In the Chart Room

Every good ship must have a chart room where the course is plotted and the voyage mapped out. Our chart room was room 211 where on Wednesday nights the most intricate details were worked out and put into action.

Our ship sailed out with Janet Moreland at the helm, and with the able assistance of Le Helmsman Janice De Jardine, the ship was kept on even keel.

With the advice of experienced seamen, 1st Mate Mr. Rutherford and 2nd Mate Mr. Erickson, our ship was kept out of the paths of dangerous squalls and reefs.

The last two officers also did their work admirably. They were the Steward Ila Mae De Wald, who saw that all the crew was present and accounted for and took care of the ship's business, and Purser Marie Bodine who took care of the tickets and the ship's funds.

Some of the ports where we stopped on the voyage and where our crew made themselves known were: The Homecoming Dance, dances after basketball games in connection with the P.-T.A., The Leadership Conference, the School Carnival, and Student Patrol at games.

As we sailed into the harbor in June and look back over this voyage, we all agreed it was a very pleasant and profitable one.

SENIOR CLASS HISTORY

The time has come for our ship of '50 to leave the port of Federal Way for distant shores. For four years we have been before the mast as apprentice seamen in the roles of students, athletes, musicians, artists, and actors. Carrying out these talents with new-found ones is now our task.

Out of the 59 in our class many have been at Federal Way all four years of their high school career—in fact, 40 in all—9 have been attending since they were first graders.

Chosen to lead our activities of this year were Gerry Kilcup, president; Peggy Sewalson, vice-president; Mary Jo Emanuel, treasurer; Connie Thiederman, secretary; and Jo Ann Desch, representative to the student council. Mr. Harris helped us in many ways as our class advisor.

Our major project was the Senior Play, "Accidents Will Happen," presented on the 18th of November. In the spring a memorable Senior Ball was given for all. F. H. A., Glee and Art provided enjoyment for many students. Other seniors participated in extra-curricular activities such as sports, represented by the Letterman's Club and G. A. A. Several members of the class helped with the preparation and promotion of the carnival. The class will and prophecy was given at a Senior Assembly a few weks before graduation.

Climaxing the whole year was baccalaureate followed by graduation. The seniors, wearing blue caps and gowns, marched down the aisle to "Pomp and Circumstance."

Senior Class Prophecy

We are standing on the boat dock, waiting to board the U. S. S. Review, built by the WAYNE STANLEY Steamship Company. It is the year 1970.

The whistle blows and the crowd surges ahead; the band plays, and Mayor EARL SHAW bids us a fond farewell. After boarding, we stand on deck, watching the receding shores of Seattle; then search until we find our neat little cabins. No sooner had we begun to settle down than we heard a crash. Running out on deck we find that our liner has brushed sides with a dingy little tug, run by Tug Boat ROSIE JARRETT, who is giving the captain of our ship, GENE SEWARD, a good tongue lashing. Before long we are again under way.

On the way back to our cabin we became so interested in watching two rich celebrities, ROBERT ROGERS and RUFUS LITTLEFIELD, that I accidentally stumbled into a pail of water, left there by some negligent sailor. ROBERT HITCHCOCK ran up, apologizing profusely as he began again to mop the deck. He had deserted his work for a minute to tell his fellow-sailor, VERNON DOCTOR, that the ship's cook, CHARLES BRAGG, was thrown in the hoose-gow for sneaking food to MARIE BODINE and ELAYNE FUGERE, stow-a-ways aboard the ship.

Just then a small sea-plane began buzzing us, and wondering what was going on, we watched it closely, to soon discover it was MARGARET HERR trying to see a baseball game on deck. BILL DANIELS was up to bat, and made a homer — right through the plane's window.

The water began to get rough, so we retired to rest a bit. Here I found the magazine we bought before leaving, so I began to read it.

Well, it seems WESLEY YOUNCCHILD has drilled another oil well in Five Mile Lake

DR. MARVEN DAVIS has just discovered a new medicine for the seven-year itch.

There is a picture of the increasingly popular Puget Sound Philharmonic Orchestra. I recognized the fellow seated at the piano as FRANK MARKS, and there is BILL DURKEE in the clarinet section. There with her back to us is their director JO ANN DESCH, one of the worlds' first woman conductors.

Suddenly the ship begins to really lurch and before long, the ship's doctor, GERALD KILCUP, was at my bedside feeding me pills. Two days later I was feeling better, and ventured out onto deck. Just off to portside was a very small, picturesque island, said to be inhabited by six women—HELEN JOHNSON, ELSIE ARNDT, BARBARA ROUSH, IRENE DAVIS, JOAN ATKINS, and MARY BRANNAN, who were shipwrecked there three years before, but disgusted with modern life and men, refused to leave their small isle. We were just entering the English Channel and had to detour a bit to miss CAROL VALLENDER and MARY JO EMANUEL, who were having a swimming race across the Channel. (I later heard that a small dog, traind by MARIAN PERRY, beat both of them.)

We made a short stop in England where a sailor, named ROBERT RICE had a hard time breaking away from his sweetheart, CONNIE THIEDERMAN, a Red Cross Nurse—but before long I found out there was also MARGARET GREY, the cute little farm-maid in Scotland, the Countess COLLEEN McCAUGHAN in Ireland, SALLY TAYLOR the Parisian model, in France, BARBARA CRUSE, the great skier, in Switzerland, and in fact, a girl in every port.

Anyway, we headed out to sea again,—object, China! Again the sea grew rough, and stuffed with pills, I again picked up my magazine, Oh, to be back home again and to see PEGGY SEWALSON and GORDON LENKE in their latest movie!

Mmmm! ORLYNN BARNETT and his partner, GEORGE MARCH, are enlarging their plastic manufacturing concern again.

A millionaire's wife just had her third set of quadruplets. Mrs. CORRINE OHLSCHLAGER (CLARK), was her name.

Oh, and the great institutor of forest preservation, JERRY SWEENEY, was turning to "Honest Politics" under his wife's, DARLENE DeJARDINE, coaching.

Finally we reached China, where we were greeted by the U. S. Ambassador to China, JANET MORELAND. She took us around to meet some people of Peiping, where we were delighted to meet JERRY WHITE, the man who introduced the Serve-U-Self laundry in China. We also met JIM DONNELL, a U. S. Missionary.

However, our visit soon ended and we returned home. The only thing to mention about the return trip was that I finished a blazing novel written by ALTA WILSON, and that I couldn't sleep nights because two fellows, BILL DURNELL and HARRY BEATY, just two cabins away, were evidently plastered and were singing in rather tipsy voices, "It is Later Than You Think."

Upon returning home we had some trouble getting through a mob of old retired fishermen, among whom we recognized DICK HILTON and RICHARD SMITH. After this ordeal we at last reached the MARY ANN ESTERGREN Building, where we turned in our report on China to RUSSELL SAGE, the famous radio commentator, said hello to DON MECHAM, the engineer, and then went to the fashionable JERRY KAISER Night Club, where we were waited upon by a luscious blonde named HELEN FREBERG, and watched "Bubbles" LYNNEA HARRISON, JOAN WOODRUFF, and PATTI SPATZ dance as TYRELL GAWLE, the former opera star, sang.

Ho hum! The voyage is complete, another day is yet to come, but not half as exciting as seeing old pals again.

ABLE SEAMEN

JUNIOR CLASS HISTORY

After three years of sailing at Federal Way the Junior class of 1949-50 became able seamen. Before charting our course we elected officers to lead us. They were: President, Mary Ann Samuels; Vice-President, Jim Lawson; Secretary, Helen Herr; Treasurer, Johnny Benton and Student Council Representative, Ronnie Johnson.

The first stop on our voyage was at the Christmas Assembly sponsored by the Junior class and including talent from other classes.

The Junior class contributed many able seamen to the football, basketball and baseball squads. Many able seamen held offices in Student Council, Girls' Athletic Association, Future Homemakers of America, Girls' Club, and Lettermen's Club.

The last stop on the voyage, charted by the able seamen, was the Junior Prom held in April. The only formal dance of the voyage was a success and ended a very happy year for the Juniors.

ORDINARY SEAMEN

SOPHOMORE CLASS HISTORY

As ordinary seamen, the Sophomores began their year by electing an all boy crew. Walter Cummings was the Helmsman and Jay Templeman was his able Lee Helmsman. Kay Jones was the Messenger, David Zuck, the Steward and Jerry Beebe was the Lookout.

Our boys really dived into "old man football." As a result, many made the squad. These same boys were very active in basketball, track, and baseball.

We came through with flying colors in presenting our class assembly and also a Sophomore Hop; this was the climax of the year and a great success.

Many of the girls were active in drill team, G.A.A., and in the Glee Club. Two of the cheerleaders were from the sophomore class.

The sophomores participated in the annual carnival, put on by the P.-T.A. and also in many of the other school activities.

The sophomores have enjoyed an interesting year under the supervision of Mrs. Stumpf and Miss Brasse. They also hope that the coming years will be as enjoyable and worth while.

LAND LUBBERS

FRESHMAN CLASS HISTORY

The Freshman Class of 1949-50 was not very experienced on the ship when we first started sailing, but after a few weeks we got our "sea legs" and elected our ship's officers. They were: President, Louis Eller; Vice-President, Eddy Pulley; Secretary-treasurer, Jon Erickson; Representatives, Betty Bartleson and John Phelps. Our ship's advisors, Mr. Sparks and Mr. Kuhn, guided us through the fog.

As land-lubbers, the class assisted with the Christmas Tea and the Carnival. Also two of our girls were cheer-leaders and they did a fine job.

Our male crew had their own football, basketball, and baseball teams and did very well.

In the spring we were experienced enough sailors to become ordinary seamen.

The G. A. A. was given a special honor this year. They were asked to decorate the gym for the football booster banquet. They did a remarkably fine job.

The girls had several activities. The main ones being the swimming party, bowling party, and spring picnic.

Carol Vallender was elected captain of the good ship G. A. A. Federal Way, with chief petty officers Shirley Iwasaki, Mary Ann Samuel, Sharon Palmer, Alta Wilson, and Mary Ann Estergren. Mrs. Coles was Admiral.

Those boys who became members of this club earned a letter in either football, basketball, baseball or track. These boys took part in the carnival and at the end of the year they awarded the inspirational award to the most outstanding athlete.

Future Homemakers of America

Captain Sally Moreland called her crew of Future Homemakers of America together to elect their Lee Helmnsman, Elayne Fugere, Messenger; Gayleen Fredrickson, Lookout; Gay Clemens and Steward, Carol Vallender. Mrs. Stumpf was advisor.

Down in the galley they served food for Open House in early fall. On deck in early spring, they helped with the Carnival.

Chorus

A new organization this year, the chorus, was an unusually large group, with 83 members.

Having completed this, the girls went on to give exchange assemblies in the various schools and community clubs. They sang on KMO's Campus Radio Theater and Seattle's KOMO, Voices of the Northwest. At Christmas they entertained at the Mothers' Tea and sang carols to the students in the halls. FRESHMEN FOOTBALL

Under the command of our new coach, Mr. John Sparks, formerly of Castle Rock, the Eagles had one of the most successful seasons in the school's history. The team, with only four lettermen, finished in a tie for third place in the Pierce County League.

The squad was composed of eight seniors, eight juniors, and fifteen sophomores. The seniors who will not return are lead by Jerry Sweeney, first-string ALL COUNTY Tackle, Earl Shaw and Gerry Kilcup, second-string ALL-COUNTY halfbacks; also there was Bill Durnell, Harry Beaty, Russell Sage, Gordon Lenke, and Bob Rogers.

Our hard fighting team really showed what they could do this year. Mr. Housel helped as assistant coach.

Basketball

The Eagles basketball team rounded out the most successful season in recent years. Although winning only five league games, the team lost several by heart--breaking scores. The one most remembered was the Eatonville contest. The powerful, league-leading Cruisers narrowly nosed out the Eagles in final minutes of play.

Closing the season in front of their arch rivals, Fife, the Eagles won the right to participate in the "A" district tournament play off, held at Highline.

Six returning lettermen and one transfer formed the nucleus of Coach Spark's squad. These were Earl Shaw, high scoring senior forward, and Harry Beaty, Gerry Kilcup, Rufus Littlefield and Gordon Lenke were also seniors. Darrell Creighton and Vernon Spangler juniors, and Jerry Beebe a sophomore, saw a lot of varsity action as the season rolled on.

The second stringers produced some very promising material for next year's squad in Johnny Benton, Bob Johnson, Jim Laird, Dick Nelson, Dick Houghton, Nyall Gordon, and Marlin Reitan.

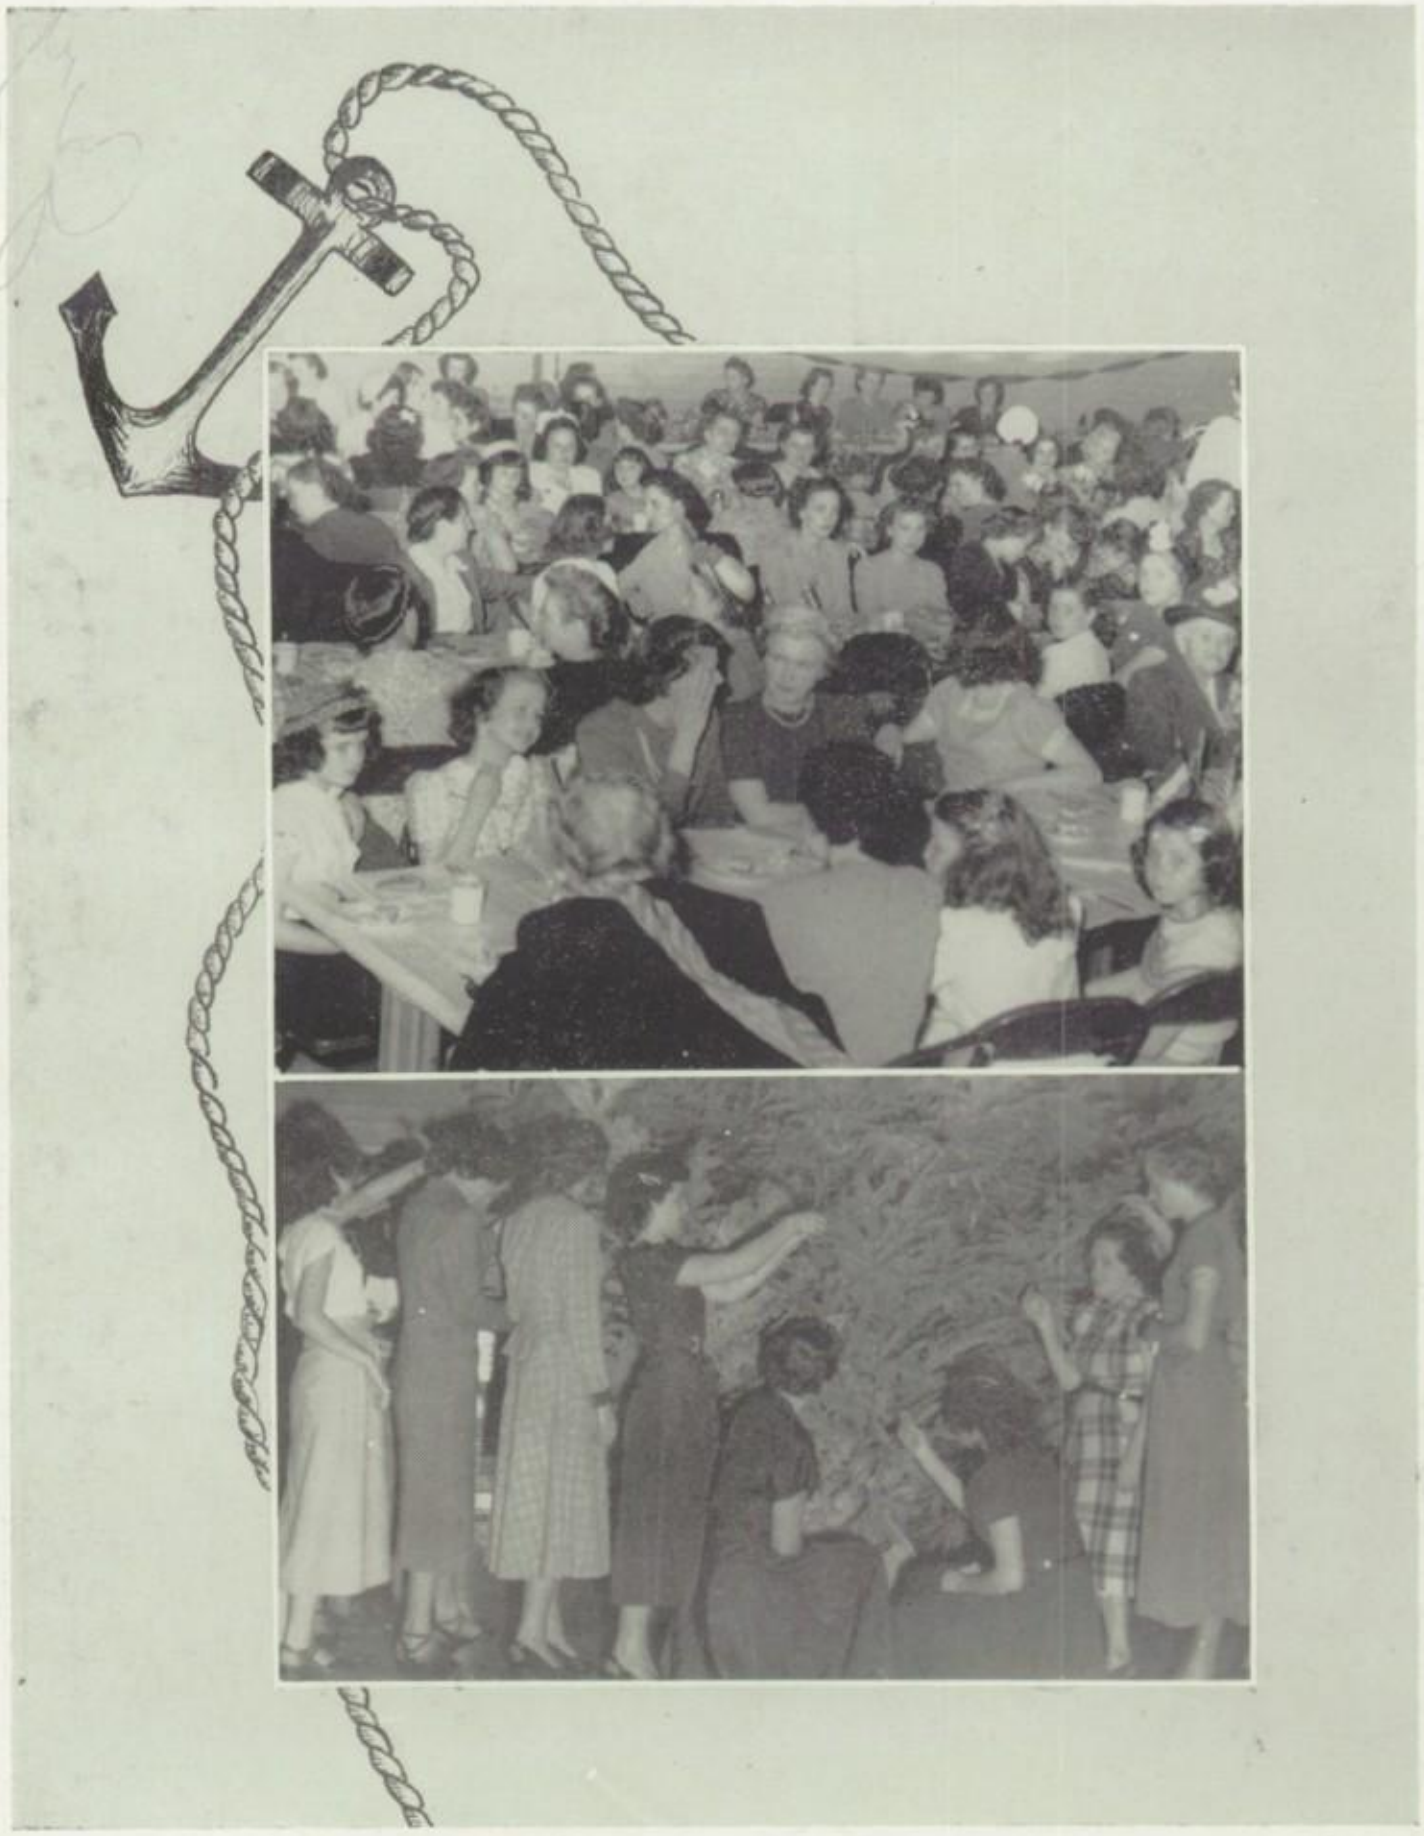
SENIOR PLAY

SENIOR BALL COMMITTEE

JUNIOR PROM COMMITTEE



Ship's Play Cast

In the fall of 1949 the seniors presented "Accidents Will Happen," a humorous, three-act play. It showed some of the interesting things that can, but usually don't, happen when a mayor leaves his office for the day.

All the seniors helped on committees to make the play the success that it was.
